COMMISSION DECISION 2010-5

Re: 911 Emergency Communications Application for Spectrum License

BACKGROUND

On April 17, 2010 the Commission received an application from 911 Emergency Communications for a Spectrum License to support the public safety mission in the Turks & Caicos Islands in the band 163 MHz – 173 MHz.

COMMISSION DECISION

On June 3, 2010 the Turks and Caicos Islands Telecommunications Commission at its sitting reviewed the application and granted approval to the Turks and Caicos Islands 911 Emergency Communications for the use of the Band 163 MHz – 173 MHz for emergency radio services.
