

PUBLIC NOTICE 2019-10

New Skies Satellites BV

Re: Private Network License

December 9th, 2019

New Skies Satellites BV has applied for a Private Network License to facilitate satellite-based In-Flight Connectivity (IFC) services using Ku-band frequencies onboard domestic and foreign registered aircrafts that operate within the airspace or airports of the Turks and Caicos Islands. IFC will enable passengers to access the internet, television, and other multimedia services while onboard registered aircrafts, throughout all phases of flight. This service will be deployed over the following Ku-band frequencies:

- 14 – 14.5 GHz (Earth-to-Space)
- 10.7 – 12.2 GHz (Space-to-Earth)
- 12.7 – 13.25 GHz (Space-to-Earth)

ACCORDINGLY, the Commission hereby advises that this application is available at our Office for Public Scrutiny and, requests that any party having any comments, make their views known in writing within 21 days of the publication of this notice in the gazette. Comments must be delivered by hand to the Commission at their office at Business Solutions Building, Leeward Highway, Providenciales, Turks and Caicos Islands, or by mail to P.O. Box 203 or electronically via email at consultations@tcitelecommission.tc on or before 3.30 p.m. of the deadline herein.
