Re: **Leeward Water Services Ltd. - Application for Spectrum License**

The Telecommunications Commission has received an application from Leeward Water Services Ltd. for a spectrum license to deploy and operate an Advanced Metering Infrastructure (AMI) communications network in the Turks and Caicos Islands. The AMI network will support the implementation of a smart metering system to facilitate automated water meter readings and other operational efficiency measures geared towards improving customer service and the user experience. The AMI network is intended to operate on the following radio frequencies below:

463.7000 MHz @ 12.5 KHz

468.7000 MHz @ 12.5 KHz

The Commission provides the following particulars:

1. The Commission is of the view that this transaction requires approval pursuant to Part III & IV of the Chapter 14.02 Telecommunications Ordinance (2021).
2. The proposed applicant not a Telecommunications Commission's Licensee.

The Commission hereby advises that the above application is available at our Office for Public Scrutiny and requests that any party having any comments, make their views known in writing within 21 days of the publication of this notice in the gazette. Comments must be delivered by hand to the Commission at their office at Business Solutions Building, Leeward Highway, Providenciales, Turks and Caicos Islands, or by mail to P.O. Box 203 or electronically via email at consultations@tcitelecommission.tc on or before 3.30 p.m. of the deadline herein.
