PUBLIC NOTICE 2026-15

October 16, 2026

Re: **L3Harris Technologies Ltd.- Application for Additional Spectrum**

The Telecommunications Commission has received an application from L3Harris Technologies Ltd. for a spectrum license to deploy and operate an additional VSAT earth station in the Turks and Caicos Islands. The VSAT earth station will provide private communications to the U.S. Federal Aviation Administration to facilitate the restoration of weather, public safety and critical air traffic services. The VSAT network is intended to operate on the following radio frequencies below:

6239.4309 MHz (Tx) @ 192 KHz
4014.4307 MHz (Rx) @ 192 KHz

The Commission provides the following particulars:

1. The Commission is of the view that this transaction requires approval pursuant to Part III & IV of the Chapter 14.02 Telecommunications Ordinance (2021).
2. The proposed applicant is a Telecommunications Commission's Licensee.

The Commission hereby advises that the above application is available at our Office for Public Scrutiny and requests that any party having any comments, make their views known in writing within 21 days of the publication of this notice in the gazette. Comments must be delivered by hand to the Commission at their office at Business Solutions Building, Leeward Highway, Providenciales, Turks and Caicos Islands, or by mail to P.O. Box 203 or electronically via email at consultations@tcitelecommission.tc on or before 3.30 p.m. of the deadline herein.
